# Why CaliBear CBD?

---

CaliBear was created to assist people's active and healthy lifestyles through our premium CBD products.

Our organic hemp is farmed with love in the nutrient-rich soils near the Pacific Coast of Oregon.

Oregon provides an ideal maritime climate for our hemp farmers, which provides clean air, biodynamic soils, and is an industry-leading destination for the cultivation of hemp.

All of our industrial hemp plants begin with top CBD genetics and are raised by the energy of Earth and the Sun.

All of our CBD extracts are 100% American made, organic, non-gmo, lab-tested, with no pesticides, no artificial flavoring, and are blended with the highest quality products available.
